Online Bullying (Anti-Bullying Week) / Managing Online Information (Safer Internet Week) / Private and Security (Safer Internet Week and constantly throughout the year))						

There are eight strands to Digital Literacy and they are:

Self Image & Identity / Online Relationships / Online Reputation / Online Bullying / Managing Online Information / Health, Well-Being & Lifestyle / Private and Security / Copyright and Ownership

Digital literacy means being able to understand and use technology. It relates to the ability to find, use and create information online in a beneficial and useful way. Digital literacy also means knowing the limitations of technology and understanding the dangers and precautions that the use of technology requires.
