

SOUTHBOURNE JUNIOR SCHOOL

Learning Outside the Classroom (LOtC) and Off-Site Educational Visits

Introduction

Southbourne Junior School provides many opportunities for our children to learn and develop through Learning Outside the Classroom (LOtC) activities and visits and recognise the key role they play in the development of an active curriculum. This encompasses both on-site and off-site learning, residential activities, environmental studies, sports, physical and cultural activities, business visits, and adventurous activities. Our aim is to ensure every member of our school community accesses LOtC activities throughout their curriculum and that LOtC is considered as an educational entitlement. Educational visits are a valuable part of sustaining the children's first-hand experience. We believe children learn best if they use their own senses and emotions to develop a greater understanding of the world in which they live; they are a central part to our learning. Educational visits encourage children to consider their own and other's safety and conduct beyond the school environment.

The value of LOtC activities and visits are well recognised by the Governing body and fully supported throughout the school by all staff. It is emphasised that a culture of safety must prevail and there is a need for careful planning and adherence to statutory procedures. The safety culture is such that children and young people are encouraged and supported to recognise hazards and manage risk in a way that supports their learning and development. Learning Outside the Classroom must be well managed with information communicated and responsibilities recognised as with any other learning that takes place within the school.

This document outlines the specific policies and procedures for Southbourne Junior School. It supplements and follows the advice and guidance contained within the following significant publications:

- WSCC's Regulations and Notes of Guidance for Learning Outside the Classroom Activities and Visits.
- WSCC's Adventurous Activities Reference Document.
- The Department for Education (DfE) published guidance Health and Safety on Education Visits

Roles and Responsibilities

The Governing Body satisfies itself that the appropriate procedures, risk assessments processes and control measures are in place and that the documented guidance notes are being followed. All residential experiences need to be approved by the Governing Body. Such approval must be recorded in the minutes of the Governing Body.

The Head Teacher is delegated by the Governing Body to approve all LOtC activities and off-site educational visits of a low risk, local, daily or regular nature. This is recorded through use of the local area visit form on Evolve.

The Educational Visits Co-ordinator (EVC) ensures that all LOtC activities and visits follow the correct procedures. The person with these responsibilities (the Headteacher at Southbourne Juniors) will approve the group leader for every visit and monitor the risk management processes to ensure good practice. In addition, the following responsibilities and duties are undertaken:

- Support the group leader in identifying the purpose and outcomes for the visit and the selection, training and briefing of appropriate supervising adults and volunteer helpers. It is important to consider the continuing professional development needs of staff engaged in these activities.
- Ensure that Disclosure & Barring Scheme disclosures are in place, where necessary
- Arrange Emergency Contact Duty Officer and draw up proper procedures to be followed in such an event. (See Emergency Response Plan)
- Keep records and make reports of accidents and ‘near misses’
- Review and regularly monitor policies and procedures
- Liaise with the Outdoor Education Adviser where necessary to ensure the proposed visit complies with the WSCC policies for Learning Outside the Classroom.

The Visit Leader is responsible for identifying the purpose and outcomes for the visit. Significant hazards and their control measures will need to be recorded and attached to the EVOLVE visit form (available on <http://www.westsussexvisits.org>).

This will take account of:

- Generic hazards.

- Event specific hazards as identified from a pre-visit or through knowledge or experience of the environment, accommodation, the competence of the staff team, the group and other factors such as transport.
- On-going hazards identified by the professional staff responding to changing circumstances and the success of planned activity and procedures. The participants and staff will be fully briefed on the purpose, outcomes and the risk management process.
- All policies that exist within the school that must be applied when working off-site, for example safeguarding, behaviour policy, managing medicines etc.

Participants are encouraged to consider risks involved in LOtC activities and off-site educational visits and to assist in the design of appropriate risk management strategies that support their learning. They will be fully aware of the purpose and outcomes of the visit and understand expectations of behaviour. They will be able to evaluate the experience and the impact it has had on their learning.

Guidance Notes for LOtC Activities and Off-Site Educational Visits

To ensure good practice and compliance with the necessary regulations it is expected that:

- All Visit Leaders will familiarise themselves with the published advice and guidance.

Further information is available from the EVOLVE website (www.westsussexvisits.org).

Training for staff will be arranged by the school to include all aspects of supervision, on-going risk management (including being prepared to stop an activity that has become too hazardous) and how to deal with an emergency. Access to such training is also available through the Outdoor Education Adviser.

- In order to plan LOtC activities and visits the **EVC** should be involved in discussing plans at an early stage. Routine or local visits such as sports fixtures also need to be planned. It may be possible to approve a series of events on a termly basis. No financial commitment should be agreed until all relevant approvals have been achieved.

Parental Consent and contact details must be available for the Emergency Contact and the Visit Leader to take on the visit. This can include digital copies.

- The Local Area Visit Form available on EVOLVE is used to approve regular, low risk or routine visits such as sports fixtures within the locality of Southbourne village.
- An EVOLVE Visit form must be completed for all residential visits, visits abroad, visits out of county and or for all adventurous activities whether on-site or off-site. The form will need to be submitted to the LA, four weeks in advance of the activity or visit date and before the school becomes financially committed. Residential visits need the Governing Body's approval. School Journey Insurance should be purchased for educational visits and

evidence should be attached to the EVOLVE form. Visit Leaders should avoid duplicate cover being provided by a tour operator, or external provider.

- The OE2 form provides information on what WSCC expects an external provider to provide and deliver. It should be sent to any provider being considered for the first time and attached to the EVOLVE form as evidence of the planning process. Please note WSCC 'check' a number providers who are regularly used by WSCC establishments, these providers are listed on EVOLVE as 'checked' in addition providers who hold the LOtC Quality Badge are considered as suitable to offer activities and have achieved a nationally recognised accreditation.
- On return the Visit Leader must report to the EVC and, where necessary, an evaluation report should be completed to support any learning about a 'near miss' or where an incident took place. If such a form was completed at the venue, there is a need to place such an occurrence on the record at the 'home' establishment.

In addition, it is highly recommended that an evaluation of the visit's purpose and outcomes is carried out to review the learning achieved and educational value. It is possible, within 28 days, to record this through the EVOLVE visit form.

- Risk management forms should be completed and attached to the EVOLVE form when risks are perceived as significant. External providers will have their own risk management documents that can be used to help in this process. For certain activities an Adventurous Activity Licence is legally required (see www.hse.gov.uk/aala). If this is the case, the provider's licence number should be quoted instead of copies of their risk assessment documentation.
- Providers that hold a Council for Learning Outside the Classroom (CLOtC) Quality Badge have been externally assessed and are acceptable as a 'checked' provider on the EVOLVE site.

Supervision

Ratio of Adults to Pupils - for school trips the local authority states the following:

- Under 8s (Years 1-3) - Maximum number of children to 1 adult = 6
- Under 12s (Years 4-6) - Maximum number of children to 1 adult = 15
- Over 11 (Years 7+) - Maximum number of children/young people to 1 adult = 20

At Southbourne Junior School the number of adults accompanying a visit will to a large extent depend on the specific focus of that visit and the age and needs of the pupils. We always take as many adults as possible. Adults of 18 and 19 years of age can be counted as a supervisor on an educational visit, but need to operate under the group leader.

For "in loco parentis" people need to be 21 years or older. For pupils under twelve it is acceptable for a trip to have only female members of staff.

Voluntary Help

Group leaders choose suitable volunteers carefully. Each volunteer should know precisely what their role is on the trip and understand that they have a responsibility to ensure they carry out that role, and that they follow the instruction of the group leader.

Communication with Parents

Letters are sent out when children are to leave the school premises (except for local area visits where a separate generic consent form is completed on admission to school). In certain circumstances, parents may wish to exercise their right to refuse to allow their child to take part in a visit. Under such circumstances, we shall make an effort to make alternative arrangements to ensure that the National Curriculum work that was being developed during the visit is made available in another form. The refusal of the parent to allow the child to take part does not offer the opportunity for absence.

First Aid

First Aid is always taken on trips, along with a sick bags and sick bucket. All staff have regular first aid training. At least one qualified appointed person first aider has to be on every off site trip. The office maintains a list of all Qualified First Aiders. The group leader has all the permission/medical forms. In case a group gets separated from the others or the group leader is injured, the group leader must make at least one other person aware of the forms. Mobile phones are taken by the group leaders.

Transport

Hired transport e.g.: coach

We use only reputable coach companies. Seat belts have to be provided for all seats and everyone has to wear one. We do not put children in the middle of the back seats on the coach or the front row of seats. It is the responsibility of the group leaders and other adults to ensure everyone's safety on the coach – not the driver. Teachers are responsible for checking children are wearing seat belts. Staff must spread themselves out along the coach.

Private use of cars

Staff need to give school a copy of the following details:

- Valid driving licence
- Vehicle Road Fund Licence and MOT Certificate
- Valid Vehicle insurance and business cover

These are kept up to date in a file in the office. We do not reimburse parents and teachers for the use of their vehicles as this will invalidate insurance cover. Parents are always informed when it is intended to use private transport. In extreme cases, where it is not possible to find an alternative means of transportation, a pupil may have to be found a suitable alternative activity in school if a parent does not wish their child to be conveyed in a private vehicle.

Parent cars must have a seat belt for each child and must be road worthy. If pupils need a booster seat, they are asked to provide their own. One emergency booster seat is kept in school at all times.

Risk Assessments are completed for when we travel by train and/or ferry.

Emergency Information

Before a party leaves school, the school office should be provided with a list of everyone, children and adults, travelling with the party, together with a programme and timetable for the activity. Each adult will carry the emergency number card along with trip details and first aid kit.

Monitoring and Review.

This policy is monitored by the staff and the governing body and will be reviewed every two years, or before if necessary.
