

Southbourne Junior School

Mobile Devices Policy

Statement of intent

Mobile phones, tablets and other personal electronic devices have become widely available and accessible to pupils. This policy is designed to prohibit the use of mobile phones and similar smart technology throughout the school day, including break and lunch times.

Southbourne Junior School accepts that personal mobile phones and tablets are often given to pupils by their parents to ensure their safety and personal security; however, such devices pose inherent risks and may jeopardise the learning environment.

As a school, we must strike a balance between personal safety and a suitable educational setting. We understand that parents may wish for their child to carry a mobile phone for their personal safety, whilst pupils may wish to bring additional devices to school for other reasons. This policy establishes how personal electronic devices should be used by pupils in school to ensure both personal safety and an appropriate learning environment.

Personal electronic devices include, but are not limited to the following items:

- Mobile phones
- Smart watches
- Personal digital assistants (PDAs)
- Handheld entertainment systems, e.g. video game consoles, iPods
- Portable internet devices, e.g. tablets, laptops, iPads
- Wireless handheld technologies or portable information technology systems, e.g. devices used for word processing, wireless internet access, image capture and/or recording, sound recording, and information transmitting, receiving and/or storing

- Liaising with and reporting the relevant information to children's social care and/or the police, when it is necessary to do so.

Pupils are responsible for adhering to the provisions outlined in this policy.

Ownership and responsibility

Pupils are responsible for their own belongings if they bring a device into school. The school accepts no responsibility for replacing property that is lost, stolen or damaged either on school premises or travelling to and from school, and at school events.

Staff will be protected against liability in any proceedings brought against them for any loss or damage to personal devices that have been handed in to the school office or confiscated as an appropriate sanction, provided that they have acted lawfully.

Pupils are responsible for replacing school property they lose, damage or steal, including electronic devices.

Pupils and staff should enable a personal PIN or passcode on all the devices they bring to school to protect their personal data, images and videos in the event that the device is lost, stolen or accessed by an unauthorised person.

Pupils will be encouraged to avoid bringing phones to school; however, if phones are brought to school they will be switched off and handed in to the school office at the beginning of the school day.

Pupils will be able to access their personal devices when travelling to and from school; however, they should not be used to arrange travel during the course of the school day.

Staff and pupils will adhere to the Social Media Policy at all times.

Adaptations and reasonable adjustments

The school will comply with its legal duty to make reasonable adjustments with regard to this policy where necessary. Adaptations may be made in exceptional circumstances and in response to a pupil's specific needs.

If it is deemed necessary due to the nature of a pupil's SEND, reasonable adjustments will be made to allow that pupil to use their mobile phone or similar device during the school day.

The school will not prevent pupils from using their mobile phones in order to manage their medical condition effectively, e.g. if a pupil is using a monitoring app on their phone to manage their diabetes.

Where a pupil has an agreed adaptation or reasonable adjustment that requires access to a mobile device, this will be permitted only for the specific purpose and within the limits set out in the agreed plan.

Cyberbullying

All personal electronic devices will be used in line with our Online Safety Policy.

Incidents of cyberbullying will be dealt with and reported in line with the Anti-bullying Policy and the Behaviour Policy.

As part of the school's ongoing commitment to the prevention of cyberbullying, regular teaching and discussion about online safety will take place as part of PSHE lessons.

Searching pupils

School pupils have a right for their private life to be respected under article 8 of the European Convention on Human Rights (ECHR). This right is not absolute, and the school can interfere with this right as long as it is justified, proportionate, and aligns with the powers to search in the Education Act 1996.

All searches will be conducted in line with the school's Searching, Screening and Confiscation Policy.

The headteacher, and other authorised staff members, will have the power to search a pupil or their possessions where they have reasonable grounds to suspect that a pupil is in possession of a prohibited item. Mobile phones and similar devices will be deemed as prohibited items that may be searched for in line with the Behaviour Policy.

In all cases the authorised member of staff will always:

- Seek the co-operation of the pupil before conducting a search.
- Ensure the pupil understands the reason for the search and how it will be conducted.
- Give the pupil the opportunity to ask any questions so that their agreement is informed.
- Have due regard to the DfE's 'Searching, screening and confiscation' guidance.

A staff member may ask a pupil to show them what they are doing on their mobile phone or tablet if they reasonably believe that the pupil is using the device to cause harm. If it is judged reasonable, the staff member may inspect the files or data on a pupil's electronic device and delete them if necessary.

The staff member conducting the search must be the same sex as the pupil being searched. A witness to the search must be present; this should also be a staff member of the same sex as the pupil being searched.

Pupils are required to comply with any request to check their electronic device.

Pupils are required to comply with any request to disable the screen lock function of their electronic device and show any staff member what they are doing. Any pupil who refuses to comply with these requests will be disciplined in line with the Behaviour Policy.

Sanctions

The school will apply sanctions for breaches of this policy in a consistent and proportionate manner, in line with the school's Behaviour Policy.

Where this policy is clearly breached, for example where a device is used, seen, or heard ringing, staff will feel confident to confiscate mobile phones or similar devices.

Where a breach gives cause to suspect a pupil may be suffering, or may be at risk of, harm, staff will follow the school's safeguarding procedures and report concerns to the DSL.

Confiscated personal electronic devices will be handed in to the school office.

Bullying via personal electronic devices will be dealt with in line with the school's Anti-bullying Policy.

Monitoring and review

This policy is reviewed every 3 years by the headteacher and DSL.

Any changes to this policy will be communicated to members of staff, parents and pupils by the headteacher.

The scheduled review date for this policy is **March 2029**.
